

Dual Electric Boost Pump STC

THE DUAL ELECTRIC BOOST PUMP STC (SH2692NM) increases reliability over the original design and is much more convenient should a boost pump change be required. There is no longer a need to drain fuel resulting in a substantial cost savings due to fewer labor hours and less downtime.

BENEFITS

- Easy and convenient method for changing fuel boost pumps and replacement cartridges
- No need to drain fuel tanks, reducing labor and downtime
- Fuel-cooled and lubricated electric motor with centrifugal pump provides a long and trouble-free service life

HILLSBORO AVIATION - THE LEADER IN BELL 205/UH-1 UPGRADES

With the acquisition of Heli-Trade, the renowned expert in after-market improvements for the Bell 205/UH-1 series helicopter, Hillsboro Aviation offers a complete line of innovative upgrades for this venerable workhorse. Our STC upgrades dramatically improve performance, reliability and safety while also reducing operational costs.

BELL 205/UH-1 STCS AVAILABLE
